Your gifts in action

Your gifts help Smokey Milo every single day

Smokey Milo was adopted and home for a year when he was suddenly returned to us. We had no idea why....

The next day, Smokey Milo had his first seizure. It was scary and unexpected. Luckily, our medical team jumped right in and knew what to do.

Smokey Milo was put on medication that stopped his seizures, thankfully. Unfortunately, he needs to take it every 8 hours. His rigid medication schedule makes him difficult to adopt into a new home.

Thanks to you, Smokey Milo is now in a foster home receiving his medication. 🙏

Your financial support helps pay for Smokey Milo's meds while he is in foster care. Smokey Milo's foster mom loves him and is taking good care of him while he waits for his new furever home.

Your donations help Smokey Milo to be healthy and happy while in his loving foster home.

Thank you. ❤️
