Kallo's Secret to Success

A new year brings hope, positivity, and a chance for a fresh start. While the struggles of 2020 have not magically disappeared, we feel energized by the roughly 350 new days of lifesaving we have ahead of us.

Meet Kallo! He was born with a severe heart condition. As a result, our veterinarian didn't think he would make it past his first birthday. Yet, here he is, a happy kitty three years later! For Kallo, every day is an unexpected blessing. And, his secret to success...***to live life in the moment.***

Each day Kallo lives life to the fullest by lazily gazing out the window, stealing our staff's desk chairs for naps, and making escape attempts from the office of Perry's Place prompting us to chase him as he runs down the hallways. Every moment is another chance to be alive and another chance to lovingly terrorize our staff.

While we cannot predict what this year will bring, we can live life in the moment and take on each new day with the same enthusiasm as Kallo. Thank you for continuing to be part of our lifesaving team. Now, let's do this...and save more cats, Together.

New Year, New Home

Meet the Fab Five.

These adorable and highly adoptable cats are looking for new homes!

Each of these kitties is very special, and they each require special food for different medical reasons.

To help get these kitties adopted sooner, we're providing their adopters with a month's worth of specialty food to help offset costs!

We've partnered with Target Circle.

Vote by Mar 31.

We've been invited by Target Circle to once again participate in their Community Giving Program. Now, all we need are your VOTES! 🐾

3 easy steps to help us win more grant funds:

- Step 1:** Sign up for Target Circle online at target.com/circle, or via the app. It's free!
- Step 2:** Earn 1 vote every time you make an eligible purchase at Target, online, and in-store.
