

NEWS & UPDATES

Your gifts in action

Meet Bromine!

He was adopted three years ago and is now "Baby Moses."

Here's what his adopter had to say on his adoption anniversary:

"He's still Baby Moses and he's making quarantine just so much fun! He's been such a light during this crazy time.

We moved and he gets to run up and down stairs - he loves it!"

Los Angeles Reaches No-Kill!

Attention donors, adopters, volunteers, and supporters! 2020 was a big year for cats and kittens, thanks to you!

You helped LA become no-kill

At a save rate of 90.49%, this means over 90% of all dogs and cats in shelters in the City of Los Angeles were saved last year. With your help, we rescued more cats and kittens and saved more lives. This makes Los Angeles the largest no-kill community in the country.

We're partnering with Comic Cure for a fun online event starring adoptable pets and funny humans.

Join us **Tuesday, April 13** for **Stand Pup Comedy**.

Tickets are \$20 and 50% of your purchase will be donated to Heaven on Earth.

Visit heavenlypets.org to purchase tickets.

Volunteers Needed!

Scoop & Feed Volunteers

PetSmart Santa Clarita & PetSmart Van Nuys:

- Our mobile scoop and feed volunteers play an important role in ensuring the health and comfort of cats and kittens staying at the pet stores that host our adoptions.
- Time commitment is one 1-3 hour shift per week at PetSmart Santa Clarita or PetSmart Van Nuys. Flexible shifts start between 9 am and noon.

Wednesday Mornings Clinic Transport

- We're looking for a volunteer to transport up to 15 cats and kittens between Perry's Place (North Hollywood) and the Heaven on Earth Animal Clinic (Chatsworth) for spay/neuter and other surgeries, every Wednesday morning.
- We really need that early bird! The shift is 7 am - 8 am (must be at Perry's Place no later than 7 am).

Afternoon Enrichment

- Spend your afternoon with some furry friends! We're looking for volunteers to socialize with our resident cats at Perry's Place.
- Shifts are 4-6 pm daily.

We're saving more mange kitties - thanks to you!

Featured Foster: Kit Kat

You may remember Kit Kat from last month. He came to us covered in painful mange. He is now recovered and ready for his new home!

We recently learned that Kit Kat has FIV and FeLV. While treatable, these diseases are both contagious to other cats.

Kit Kat is seeking a foster home where he can live with dogs or other cats with FeLV. Kit Kat is a sweet boy who loves pets and scratched under the chin. He's a big purr-ball who would love to nap the day away in the sunny spot on your couch!

Email fosters@heavenlypets.org to learn more!

Meet Snow!

Thanks to all your donations for the mange kitties, we have been able to save even more cats affected by mange and entropion.

When Snow came to Perry's Place, his mange had taken over his entire face. Our team has been working diligently to treat his painful condition, and he already appears to be feeling better.

Snow is getting the care he needs because of you. Thank you for saving him.
