Your gifts in action

Snow much love!

Snow came to Heaven on Earth covered in painful mange. When local independent rescuer, CJ, asked us to rescue him, we know we had to try and save him. While itchy and uncomfortable, mange is also treatable, thankfully!

Because of you and donors like you who care, Snow is no longer in pain. Your gifts helped to pay for his medication, treatment, food, and a nice warm bed.

This adorable and handsome boy is ready for a loving home today! He enjoys pets and scratches and likes to play with other cats. Will you be his new family?

"It's been a blessing to partner with Heaven on Earth in rescuing kitties from Downey Animal Shelter. They have been a lifesaver for so many kitties with medical needs, such as Snow, who had mange. Snow would have been euthanized without Heaven on Earth! And look at him now!"

Sadly Snow's story is not uncommon. Unfortunately, local shelters don't have the capacity to treat mange, so they rely on groups like Heaven on Earth to save the cats.

Thanks to you, we saved Snow. And, with your help, we will be able to save many more.
