

# NEWS & UPDATES

Thanks to you,  
Valentina, now Bubbles,  
is home!

*"We love Bubbles! She's a loving energetic beautiful kitty and in the short time she's been in our home, has brought so much joy. We've already spread the word to our friends and colleagues about adoptions through Heaven on Earth. Thank you for helping bring Bubbles into our lives! "*

## You Saved Applejack.

12-year-old Applejack was left at a local shelter due to his declining health. He was underweight, missing teeth due to dental disease, and has pancreatitis.

The shelter staff had concerns about his welfare if he stayed there, so he was placed on the high alert list.

Thanks to your support, we were able to bring him to Perry's Place for medical treatment and care.

*Thanks to you, Applejack is getting the medication, treatment, special food, and love he deserves.*
