We're celebrating our SpayShip Program!

SpayShip has helped our **8,000th** cat, and we're excited! 🐱

Founded in 2009, SpayShip helps community and owned cats to be spayed and neutered by transporting them for free to FixNation where they are altered and then re-released. We also assist with trapping and education.

That's **8,000** cats that will not have unwanted litters on the streets of Los Angeles. 🐱 🌴

It takes a village, more like a cooperative community to do this work. Together, we're saving cats and kittens from being born. We're so proud!

Thank you to everyone who has supported this program and continues to do so!
We couldn't do it without you!

Here's to the next 8,000!

"Lucy's murmur is considered innocent, or benign. **This is great news as even though she has a heart murmur her heart is normal on the echo.** There is no medication she needs and she is cleared for adoption."

Lana & Lucy got their echos!

Remember these two cuties? Thanks to some very special supporters, they received echocardiograms to diagnose their heart murmurs.

"Lana's murmur is due to a congenital defect called aortic stenosis. This means the valve that connects her heart to her aorta is narrowed. **The good news is overall her heart looks in good shape and has been able to compensate for this.** She will start some medication to help keep her heart healthy and it is recommended she follow up with a cardiologist for continued care and monitoring. She has been cleared to be spayed, with precautions, and we will work on scheduling that for her."

Thank you again to everyone who helped Lana & Lucy get the tests they needed!

What do you call a cat rescue whose amazing supporters raised over \$70,000?

A-purr-eciative!!

Comic Cat Relief: 20 Years of Purrfection raised over \$70,000 and we are so grateful!

We could have never done this without YOU all. Thank you so much!

Thank you!
