NEWS & UPDATES

Your gifts in action

Thank you for being a friend

The [#BettyWhiteChallenge](#) was created to honor actress and comedian Betty White on what would have been her 100th birthday.

A huge THANK YOU to everyone who donated in honor of Betty. Together, you raised over \$11,000 to help homeless cats and kittens!

We're especially grateful for our friends at [Pawthereum](#), a community-driven cryptocurrency project that helps animals in need by giving back to animal organizations.

Pawthereum generously donated \$5,000 and helped us name some adorable kittens (like Ducky above).

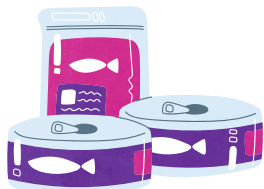

Meet our own Betty White! She was rescued from a local shelter with a deformed paw. Our medical team is keeping a close eye on her until she is cleared for adoption.

Update On COVID-19 Protocols

In line with state and local updates:

- All volunteers must wear a mask while onsite and at PetSmart Adoption Centers.
- Adoption and foster meet & greets are held onsite and at our PetSmart locations by appointment only. Fill out an application to schedule an appointment.
- In-kind donations (food, litter, blankets, etc) can be dropped off daily from 8am - 6pm. A table is outside the main entrance (second door) for all donations. Include your name on your donation so we know who you are!

Templeton needs urgent fosterer!

Templeton has ringworm and needs a foster ASAP.

You may remember Templeton from our email last fall. With his recent eye surgery, he needs space to recover while being treated to avoid injuring his recently repaired eyelid.

We're looking for a foster who can give him oral meds once a day and topical sulfur lime treatment twice a week. Our team will show you how to do both of these!

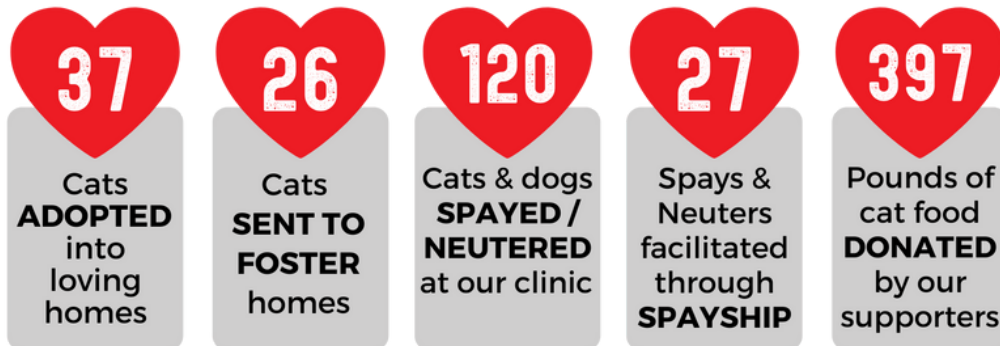

He has already started treatment, therefore he needs foster for about 3 weeks.

While ringworm is contagious to pets and people, it can be contained with the right protocols. Therefore, Templeton will need to stay in a spare bathroom or outdoor catio, away from other animals and where surfaces can be disinfected. A bathroom with a window would be ideal because he loves to watch the birds.

Want to learn more? Email us at fosters@heavenlypets.org.

So far in 2022...

Thank you for making this possible!

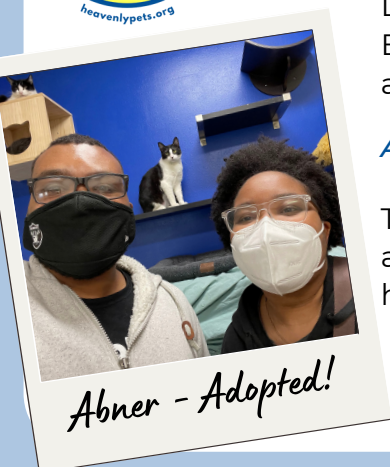

Kitty Behavior Bootcamp Update

Last year our Life-Saving Programs team began Kitty Behavior Bootcamp, a new program that focuses on shyer and spicier kitties and helps them get ready for adoption.

And, YOU helped make this program a success!

Twinkle and Abner are recent graduates of the program and have each found loving furever homes. Riley, our big handsome dude, has been doing great in foster!

Thank you to the staff & volunteers who have been working with these kitties!

Heaven on Earth Animal Clinic

Low-Cost Vaccine Clinic

Saturday
8 am - 1 pm
