# Senior Fosters Needed!

Help! We need foster homes for senior cats!

Heaven on Earth rescues a lot of seniors throughout the year, but hundreds of kittens are being born right now and we need to make space to help.

Are you are looking for an easy foster experience with a chill cat that just wants a soft bed and some love? Look no further. We have several sweet seniors, like Tango, ready for a home.

Fostering a senior cat is not only rewarding, but you get a great companion to spend your time with. But don't just take our word for it.

Foster mom Jazzie says it best:

*I am totally convinced that adopting/fostering seniors is the best gift anyone could give themselves and their new best friend! They just want to be loved and chosen, and they really do have so much love to give.*

Meet Stella

Stella's first birthday is next month and she's asked for a new home as her gift.

Stella's first birthday is next month and she's asked for a new home as her gift.

Stella is a smart and playful kitty who would do best in a home with another cat. She's social and curious and loves to come up to people and ask for affection.

This spunky gal is a lot of fun and would be a great addition to any home.
